

January 31, 2006

Dear UC Davis Campus Community:

UC Davis received accreditation reaffirmation from the Western Association of Schools & Colleges (WASC) on June 27, 2003. The reaffirmation is effective until the next review cycle. WASC has recently informed the campus that the review dates have been recalculated from the completion date of the previous Educational Effectiveness Review in March, 2003. The institutional proposal will be submitted in October 2010. Our next campus site visit dates have been rescheduled from 2012 and 2013 to spring 2013 for the Capacity Review and fall 2014 for the Educational Effectiveness review. The campus has also been asked to submit an interim report to WASC in March 2008.

On behalf of the entire campus, I would like to thank all of you for your past and future participation in this process. It is important work, essential for the campus.

Sincerely,

Larry N. Vanderhoef  
Chancellor
